# Phase Three Rental Pool Option

*For overseas investors we are pleased to offer a rental pool option. This provides a comprehensive turnkey service for those investors who wish to let their apartment(s) with the minimum amount of administration.*

The rental pool facility has been designed specifically for those Owners who would like the standard cost of ownership (condominium service charges and insurance) to be guaranteed and all rental administration taken care of.

Those Owners interested in this option will need to purchase the Developer's recommended furniture pack. We ask this to ensure that the rental package offering is a consistent high quality across all the apartments in the pool.

*Owners who take up the rental pool facility option enjoy the following benefits:*

- **Service or Maintenance fees:** The costs of maintaining and servicing your apartment will be paid by rental pool income.
- **Building Insurance costs:** The payment of apartment buildings insurance will be paid out of rental pool income.
- **Contents Insurance costs:** The payment of insurance of contents including the furniture pack will be paid out of rental pool income.
- **Marketing Fees:** All the costs of marketing and advertising are included.
- **Inventory or Changeover Costs:** All the costs associated with the management of the lettings are included.
- **No Separate Agency Fees Payable:** All the management agency fees levied by the management company are included.

## How will it work?

- All rentals of apartments in the pool will be managed by our dedicated team of rental professionals.
- Prospective long term tenants will have the appropriate references taken up and scrutinised and rental payments collected.
- Any small repairs required will be undertaken on the Owner's behalf and any repairs or servicing above an agreed level will be carried out only with the Owners' prior approval.
- Members of the rental pool share in the profits of the rental income generated (in excess of the service, insurance and management charges). This will be assessed at the end of each year and a dividend will be payable at that time.

If you would be interested in this option please refer to our website [www.silverreefstkitts.com](http://www.silverreefstkitts.com) or speak to one of our sales and marketing team who will be pleased to help.
