Capitalise on the investment potential of Cape Verde by purchasing one of the stunning properties at White Sands Hotel & Spa.

Purchasing a property at White Sands Hotel & Spa will bring you an unrivalled opportunity to capitalise on the flourishing Cape Verde tourism market.

There are many different routes to purchase and becoming an owner is far easier than you might think. It is certainly not just for wealthy or expert investors, our flexible payment options, off-plan incentives and fractional ownership proposition make it an accessible investment for the many, not the few.

Once the hotel is operational, your property will be utilised by paying guests that will have booked a holiday through Meliá's vast network of travel operators and agents.

As an owner, you will receive a proportion of the touristic revenue generated by your specific property.

These payments are typically made to the investor or SIPP on a quarterly basis, net of costs. This simple and effective Rental Scheme is proven to ensure a fair and equitable distribution of revenue to owners and will help you fulfil your financial aspirations for the future.
